Dear [Sir / Madam],

Replace this block with the body of your letter. The measure, leading and margins are already set for a formal A4 business letter, so text pasted in here will sit correctly without further adjustment.

Bloxio Nigeria Limited designs and builds hardware, software and applied intelligence — engineered in Nigeria, built to global standards. Keep paragraphs to a single idea each; three to five of them is the natural length for one page.

Should the letter run past this sheet, duplicate the continuation sheet that follows for every extra page.

Yours faithfully,

Anyakie Owen (GMNSE, P.COREN)
CO-FOUNDER & DIRECTOR
